#### Recommendations

- 1) Remove all previous markings from goods.
- 2) Mark up goods on minimum 2 sides.
- 3) Shipping more than 1 colli, please mark each colli individually and indicate on each colli how many colli the total consignment consists of. Example: forwarding 10 pallets in one consignment: PII 1 of 10, PII 2 of 10, PII 3 of 10 and so forth.
- 4) Markings should be weather resistant for instance protected by plastic wrapping.
